

Assembly Instructions

A
Casters (2)

B
Locking Casters (2)

C
Square Nuts (6)

D
Short Screws (11)

E
Long Screws (8)

F
Wrench (1)

G
Allen Key (1)

H
Wood Screws (4)

I
Medium Screws (6)

J
Hexagon Nuts (4)

K
Plastic Pegs (2)

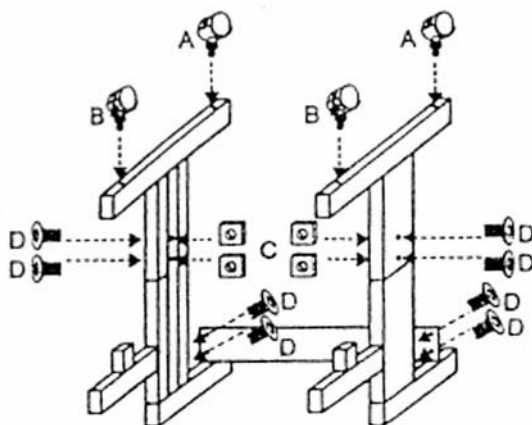

L
Washers (2)

STEP 1

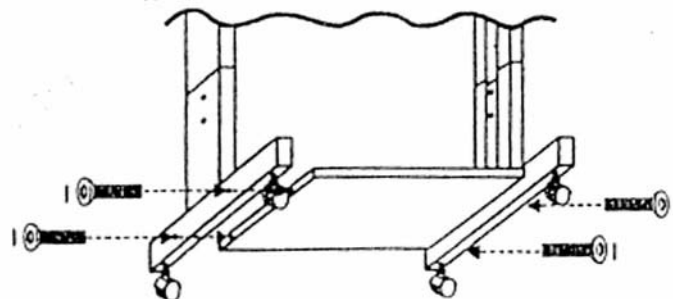

Using the wrench (F), attach castors (A and B) to the bottoms of the legs.

Using the Allen Key (G), attach the legs together with screws and nuts (C+D), then attach the Metal Panel to the legs with screws (D) as shown.

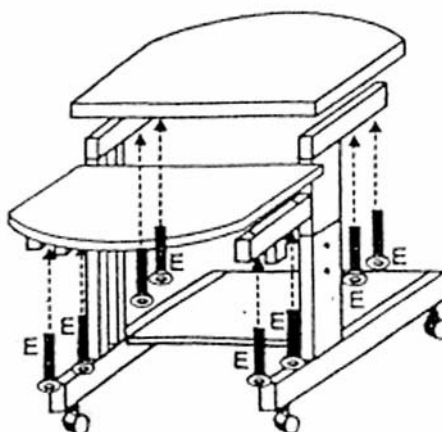

STEP 2

Using the Allen Key (G), attach the Bottom Panel to the legs with medium screws (I).

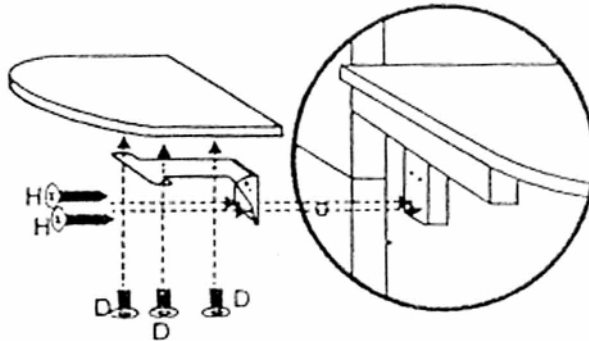

STEP 3

Attach the Table Tops with screws (E) and the Allen Key (G) as shown.

STEP 4

Attach the Table Leaf Bracket to the bottom of the Table Leaf with the Allen Key and screws (D). Then attach the Leaf assembly to the *left or right* side of the Table assembly as desired with Screws (H).

STEP 5

A. Assemble the CPU Holder by attaching the Extension Rods with items (J+K) on the inside and with (J+L) on the outside.

B. Insert the U-Bracket onto the completed assembly.

NOTE: The CPU Holder must be attached to the assembly on the *opposite side* of the Table Leaf.
